

EP-200

Powerful 2-CIS Value Counter

Trusted Accuracy. Advanced Detection

- Equipped with dual CIS and full UV scanning

Enhanced User Convenience & Operational Efficiency

- Patented DUST COVER reduces noise and protects from dust, debris, and Notes flying-out for users
- Advanced color scanning technology improves recognition accuracy and minimizes rejection rates

Compact and Space-Efficient Design

- Compact footprint with high cost-effectiveness, ideal for limited workspace environments

Optional Features

- 2D Barcode Ticket Recognition

EP-200 is a compact and powerful cash handling device equipped with two Contact Image Sensors. With small footprint and high economic feasibility, it can be installed even on a small teller's table or in the limited space of an exchange office.

The simple and robust structure of the EP-200 enables a wide range of applications, from teller windows to back offices in bank branches, casinos, cash center, exchange office, and retail cashiers, among others.

The dust proof cover ensures minimal dust emission and noise from the unit. Users can feel comfortable and free from the anxiety of notes flying-out.

Various counting modes

EP-200 supports various counting modes, including MIX(counting mixed denominations), DD (sorting by denomination), FACE (sorting by face), ORT(soring by orientation), CNT (piece counting), ISSUE (sorting by issue), SRL(reading serial numbers), BARCODE (reading barcode of tickets), etc.

Improve authenticating feature

With two CIS and full UV scanning, EP-200 offers enhanced authenticating feature.

The counterfeit detection performance has been significantly improved.

Improve counting efficiency

EP-200 adopted color scanning technology with 2-CIS, which improves recognition efficiency and minimize rejects

Easy Access to entire note path

EP-200 is designed to allow easy access of entire note pate with 2 opening covers, thus ensuring easy clearance of jamming and maintenance.

Technical Information

Hopper capacity	300 notes
Stacker capacity	200 notes
Reject capacity	100 notes
Speed	1000 / 800 npm
Note size	W: 120 ~ 180 mm H: 60 ~ 90 mm
Note thickness	0.08 ~ 0.12 mm
Power	100~240VAC, 50/60Hz
Power consumption	50W
Weight	Approx. 7.8Kg

Dimension

Manufactured by

TBM Co., LTD.
